

Dear Participant,

Thank you for enquiring about the London PSYCH-K Advanced Integration workshop. I'm sure you will find the workshop material fascinating and extremely useful.

The workshop runs from 9.30am – 6.00pm each day and lunch breaks occur around 12.30 - 1pm and are for one hour. You may wish to bring your own lunch or you can eat at one of the many options on King Street.

In the Advanced workshop, you will receive all of the materials needed to facilitate Balances at an advanced level. The new Balances are more in depth and, rather than having to work out what beliefs you need to change, the beliefs are already created within the profound Balance process.

Water and refreshments will be provided during breaks. Dress is casual and comfortable. Please bring a sweater if you have a tendency to get cold, and dress in layers to adjust to changing room temperatures. While you will receive a packet of information to take home, most people find it valuable to bring a pen and some paper to take a few notes.

If you have a massage couch or yoga mats/cushions you can bring, that would be greatly appreciated as we will need them from day 2 onwards.

If you have questions about anything I haven't covered here, please do feel free to contact me at cazzie.y4l@gmail.com.

More detailed information can be found below.

Very best wishes Cazzie

Cost of the workshop:

£825 if paid during the month before the workshop.

£750 if paid up to a month before the workshop.

What is covered at the workshop?

Day 1

Rapport

You will learn how to create a deep sense of *trust* and *safety* with others, making the facilitation of change easier and more comfortable than ever before. You will use a powerful process to create a whole-brained state when communicating with others both verbally and non-verbally.

Belief Points

You will learn *12 points* on the body that are derived from ancient acupuncture. They represent key beliefs that give us valuable information about how we are limiting ourselves. When these points are combined with Energy Focusing, these subconscious beliefs can be accessed and changed in a matter of seconds.

Energy Focusing

A safe and effective process that allows you to *focus energy* to a Belief Point in order to change subconscious beliefs quickly and easily.

Day 2

Belief Points with Energy Focusing Balance

Bringing together what was taught on day 1, learning how to use the full Belief Points with Energy Focusing Balance. We also introduce the concept of having both enhancing and limiting goal statements in the subconscious mind at the same time. Belief Points with Energy Focusing can be used over and over again to give us information about ourselves that we might not be able to access with the conscious mind.

Surrogation

A process that allows you to help others who can't be there in person, such as humans and animals and also inanimate objects. Balancing can be done on behalf of the person, or animal or any inanimate objects. The possibilities for Balancing using surrogation are immense, at both a personal and global level.

Core Belief Balance

This Balance aligns 13 *Core Beliefs* that support the manifestation of your full potential in life. It is frequently a profound alignment process that prepares the mind/body system for accelerated growth and change. You will receive a print out of the Core Beliefs you hold by using the Balance.

worksheet. Once you complete the Balance, it can make so much sense as to why you are having the life experiences that you are.

Day 3

Relationship Balance

This balance will help you transform personal issues with others, and better understand the lessons to be learned in relationships. It will provide a clearer perspective on the value of relationships between parents and children, siblings, coworkers, spouses, friends and lovers. If you are experiencing challenging relationships in your life, through this Balance, you will be able to learn the gifts that person is bringing to you, allowing you to make a whole-brained decision about the relationship.

Life Bonding Balance

The *trauma of birth* and the *fear of death* are two powerful aspects of human life. This balance utilizes breath as a means of re-programming any negative impact of these influences in our lives.

Day 4

We bring everything together -

- **How to find a goal statement.**
- **How to know which Balance to use, now that we have the new Advanced Balances in our tool box.**
- **The different ways you can use the Advanced Balances**
- **The Secret Balance 😊**
